

Our Xiamen Experience

Favourite Trips

- Jag's favourite trip was Gu-Lang Island. Boat, traditional, beautiful scenery, piano + puppet.
- Mount Wuyi Tour (specifically the bamboo rafting) – Even though got hit by water and was slightly concerned the raft wouldn't stay together, provided one of the most beautiful experiences.

Food (Jag)

- I enjoyed the different types of Chinese food. Throughout the two weeks, food was set up on a round table, and we were given a variety of scrumptious dishes.
- This was different from home because :
 - Table set up
 - Variety of dishes
 - Positioning of the seats is important
 - Bill is traditionally not split

Culture (Adam)

- Language
- People (polite, friendly, loved British people)
- Food (variety, set up etc.)
- Nightlife culture (less clubbing, less drinking; bigger emphasis on moderation)

What I will never forget

- Heat
- Strange large cricket sounding insects
- Beautiful scenery on all trips
- The friendly attitude of the people (thinking specifically here of the amazing volunteers.)

What will I take away ...

- Having never visited China, my experiences here will stick with me forever.
- I feel more:
 - Confident in immersing myself in different cultures
 - Willing to visit China again
 - Encouraged to travel

Thank You!
